Guide to Creating a Musical Park in Your Community

STEP ONE: GATHER INFORMATION

Visit FreenotesHarmonyPark.com to look at & listen to the instruments. Each instrument provides a unique soundscape and sculptural design to enhance your musical park.

Photos, sound files and technical information is available for you to share with your project manager.

STEP TWO: DISTRIBUTOR CONTACT

While you are on our web site please fill out the contact form so that we can connect you with a highly qualified and knowledgeable Distributor to help facilitate your project.

STEP THREE: PLANTING THE SEED

Contact your local Parks & Recreation Officials or Community Planner to discuss the idea of creating a Musical Park in your community. Please share all of the information you gathered from our web site with these officials.

STEP FOUR: SELECTION

Site Location & Instrument selection. After a site is approved for your music park work with your project manager and distributor to select individual instruments and/or ensembles to create a beautiful music park in your community.

STEP FIVE: COMMUNITY SUPPORT

To ensure that your project is a success, please engage support of other community members and organizations such as the Rotary Club, PTA/PTO groups and local businesses to assist in funding and to expedite the review and approval of your park.
